Facial Treatments

Medical Grade Facial

Three (3) Treatment Package Available

Customized to address any skin concerns or issues. Specifically helps with dryness, fine lines and wrinkles, congested pores, acne and hyperpigmentation.

Includes: Cleanse, Exfoliation, Mask, Serum and Moisturizer

Dermaplane Facial

Dermaplaning is an innovative approach to removing dead skin cells, allowing a jump start for skin renewal and infusion of nutrients. It is a simple and safe procedure for exfoliating the epidermis and ridding the skin of fine vellus hair (peach fuzz). *Includes: Cleanser, Mask, Serum and Moisturizer*

Back Facial

Back facials begin with a gentle steaming to open pores and lift impurities, followed by a deep cleansing and exfoliation. The facial for the back concludes with a therapeutic mask and moisturizer. Great for acne prone skin, dryness or to have a relaxing treatment.

HydraFacial

An invigorating treatment that deeply cleanses, extracts and hydrates the skin utilizing a light glycolic peel and serums filled with antioxidants, peptides and hyaluronic acid. It concludes with LED light therapy to further enhance the effectiveness of the serum. The treatment improves skin tone, texture, enlarged pores, congested skin, elasticity, firmness, fine lines and wrinkles. It is soothing, moisturizing, non-irritating and immediately effective. Great for all skin types.

Machine Medical Treatments

Intense Pulsed Light (IPL) Laser Treatment

Light therapy treatment helps minimize or remove sun damage, age spots, broken capillaries, redness, birthmarks and freckles.
